

Writing Conditional Statements

Statements such as: “Right angles are congruent” can be written as conditionals.
If 2 angles are right angles, then they are congruent.

Translate the following statements into conditionals:

1. Congruent segments have equal measures.
2. Women are good drivers.
3. Vertical angles are congruent.
4. Apples are green.
5. It is cold in the winter.
6. All straight angles are congruent.
7. The opposite sides of a parallelogram are parallel.
8. I am sick if my temperature is above 100° ,
9. The diagonals of a parallelogram bisect each other.
10. A good study studies regularly.
