

Take Home Detention

Due _____

Please hand write the following paragraphs on lined sheets of paper and submit by beginning of class on the above due date. In order for it to be accepted, your parent or guardian must sign it.

Student Name _____ Class _____

Parent Signature _____ Date _____

Briefly explain why this take-home detention was given to you today.

Write the following three times.

I understand that I do not have the right to disrupt or distract the teacher or class from receiving an education. I understand that I should come to class on time, prepared with a pencil, paper and math notebook and go directly to my assigned seat. I also understand I am responsible for my own learning and will pay attention at all times. I am responsible for my own behavior at all times. It is my responsibility to keep the area around my workspace clean, orderly and not throw debris on the floor or write on desks or tables. I am also responsible for properly using and putting away classroom issued supplies such as: computers, headphones, books, rulers, protractors, etc. I understand that cell phones and/or earbuds cannot be used or exposed during class time.

I will respect all employees and students at all times. I will follow the direction of my teachers, teacher aides or school administrators and will not argue with that direction and escalate the problem. If, I feel like I was treated unfairly, I will make an appointment with that teacher and further explain my position. If I have an issue with another student, I will seek assistance from my teacher to help me handle the issue appropriately.

The reason I was assigned this take-home detention and write this paper is because one of the previously listed behaviors was not handled appropriately on my part. I will work on improving my own behavior and meet the expectations in this class. I choose to learn and have a positive impact on the students in this class.

Failure to write this assignment will result in a parent communication; phone, RPC or a possible assignment in in-house suspension until my parent or guardian can be contacted.
