An "or" statement is true under those same conditions, when one or both of the statements are true.

| Or |  |  |
| :---: | :---: | :---: |
| $\boldsymbol{p}$ | $\boldsymbol{q}$ | $\boldsymbol{p} \vee \boldsymbol{q}$ |
| T | T | T |
| T | F | T |
| F | T | T |
| F | F | F |
