

Valid Argument – 1

Let's look at a slightly different argument:

p	q	$p \rightarrow q$	$(p \rightarrow q) \wedge p$	$[(p \rightarrow q) \wedge p] \rightarrow q$
T	T	T	T	T
T	F	F	F	T
F	T	T	F	T
F	F	T	F	T

In this argument, notice that I have all “T’s”, this argument is valid.
